WINE IGT TOSCANO ROSATO

IGT Toscano Rosato Gattice Biologico

The wine IGT Toscano Rosato Gattice

This product was created with the desire to give a more youthful alternative to the Tuscan red wine. The crystal cherry colour contains lighter shades of red.

It has a fine aroma, pleasant fruity and floral. The taste is dry, slightly cool but with great personality and persistence.

Serving suggestions: Excellent as an aperitif, but also as a table wine, it goes well with appetizers, fish, ideal with pasta dishes and light sauces.
